Standing the Watch

Ed Copher, Editor, "Saints Everlasting Keeper of the Flame"

"Keeper of the Flame"

Memories glimmer and hide in the dim shadows

Daring us to '...catch me...if you can!'

As time steadily treads its own meandering path,

It's hard to trace old members of the clan.

Then someone steps up with lantern and blade

Shouting, "Let's gather them in for us all, good neighbor!

We'll bring forth those hidden in the shade, and

Share them with one and another!

"I'll keep that flame high and the blade ever sharp,

That our friends may never be lost in the dark!"

Slow Salute, Rest in Peace, Sir

Skipper of VA-164 passed away: Capt William (Bill) Span: Submitted by Ed Chadwick

Here is a message I received from a friend about the Magic Pumpkin. I added a recent picture of Captain Span with David Compton. The Compton's and Span were close friends.

This is a great career summary of a fine Navy officer who was my NROTC instructor at Ohio State in '64 and early '65 and who died this week at age 94. I have been asked by his family to speak at his memorial service in Virginia Beach in the near future. You can see from his career assignment timeline that he went right from Ohio State to combat flying off Vietnam, ending his combat tours with 287 missions in the A-4. Semper Fi, Buck

High Flight

*Oh! I have slipped the surly bonds of Earth
And danced the skies on laughter-silvered wings;
Sunward I've climbed, and joined the tumbling mirth
Of sun-split clouds... and done a hundred things*

You have not dreamed of... wheeled and soared and swung.

High in the sunlit silence, hov'ring there ...

I've chased the shouting wind along, and flung

My eager craft through footless halls of air...

Up, up the long delirious burning blue

I've topped the wind-swept heights with easy grace,

Where never lark nor even eagle flew -

And, while with silent, lifting mind I've trod

The high untrodden sanctity of space,

Put out my hand and touched the face of God.

Pilot officer John Gillespie Magee, Jr.

Number 412 Squadron RCAF

Killed 11th, December 1941

Toxic Chemical Exposure Info from Ed Copher:

The VA finally rated me eligible for Vietnam-era herbicide exposure (Agent Orange). I have been fighting them since my first claim in 2004. They now recognize that the Oriskany deck logs show that the Oriskany was within the 12 mile limits of Vietnam in 1966 & 67 on a few dates. They also recognize that our fresh water might have been contaminated with AO that was brought onboard during unreprs. They first denied my claims because of no evidence of "boots on the ground", now under the Blue Water Navy Act of 2019, they finally say I am eligible for toxic exposure. I have neuropathy (numbness) in both of my feet. They still deny my claim, so I have a lawyer and am appealing the claim to Federal Court. The VA recognizes that I have neuropathy, and that I might have been

exposed to AO, but claim it is not related to my military service. The neuropathy disorder is on the VA list of things that could be caused by AO. Venting.....

TA-4, Civilian A-4, submitted by Ed Chadwick

Nice bird. In between cruises in 1968 my squadron received 3 or 4 new TA4's to use. The straights were in short supply due to the war. It was a memorable experience to fly a plane with 4 total hours on it. I helped initiate a program where our enlisted troupes were able to ride in the back seat. Flying one day with another pilot - we each took turns testing the plane. In one maneuver I did 17 consecutive aileron rolls. The reason I stopped was dizziness. As in the strait A4E, I disproved the NATOPS warning of inertial coupling. I loved flying A4's. They brought me home after 170 plus combat missions. Thanks for the film.

From Ed Chadwick: Pilot Down

Interestingly in 1967, we lost several men and aircraft in 1967 in an attempted rescue of one Navy pilot. Orders came down immediately that no more high threat rescues would be allowed. It's possible that the reactions of many of us may have eventually altered that "no rescue" policy.
