### Standing the Watch

Ed Copher, Editor, "Saints Everlasting Keeper of the Flame"

### **"Keeper of the Flame"**

Memories glimmer and hide in the dim shadows

Daring us to '...catch me...if you can!'

As time steadily treads its own meandering path,

It's hard to trace old members of the clan.

Then someone steps up with lantern and blade

Shouting, "Let's gather them in for us all, good neighbor!

We'll bring forth those hidden in the shade, and

Share them with one and another!

"I'll keep that flame high and the blade ever sharp,

That our friends may never be lost in the dark!"

I say Welcome Home, We  
Thank You ALL, RESPECT. ...

Saints Jet #306, Oriskany fire, 26 Oct 1966. I was helping push this plane in the hanger bay when the ejection seat went off, while I was looking at a LOX cart smoking nearby, also a cart of three 250 Lb bombs was smoking about 10 feet away. When the loud explosion of the seat went off, it scared the sh\*\* out of me. Had nightmares for many years later, and could not handle sudden loud bangs, no guns or fireworks etc. We did not know about a thing called PTSD back then.

*The damaged aircraft was repaired and made serviceable in a remarkable 13.5 hours.*

1st Lt. Thomas Boyd (USMC) ejected safely when the brakes of VMA-324 A-4C BuNo 149535 failed while landing at the El Paso International Airport near Ft. Bliss, TX. He attempted to take off again, but power failed, and the Skyhawk crashed through a chain-link fence and onto Airport Road, 06 June 1970.

Subject: Thanks Doc...!

Dear Doctor Farrell it was on May 13th 1966 that you saved my arm  
AND my life...!  
Now I'm a grandpa of five and playing archaeologist today  
Yep, got hired by a consulting firm to survey a large piece of landscape  
north of here - gold mining of late 1800's...FUN!  
A temporary job but helps pay for all the dental work I had done  
recently!

Love you two

Thanks to Helena for passing this on to the good man!

Love ya!

*SEAMAN JAMES Wolff, 20, who had his arm almost completely severed by a mine while on duty in Viet Nam, had it sewn back - successfully - by Lt. Commander Joseph Farrell while aboard the carrier USS Hancock. The operation was the first of it's kind that met with success and the fourth in medical history. Here Farrell and Wolff shake while the patient's father, Harry Wolff, beams.*

[From Ed Chadwick:](#) Pilot Down

Interestingly in 1967, we lost several men and aircraft in 1967 on an attempted rescue of one Navy pilot. Orders came down immediately that no more high threat rescues would be allowed. It's possible that the reactions of many of us may have eventually altered that "no rescue" policy.
